Where Love  
Meets Healthcare

## Our Passion

Agape is a nationally accredited healthcare system founded on the premise of its name—unconditional love—to heal and uplift lives through a holistic, integrated, evidence-based model of care. Our comprehensive health centers are dedicated to serving individuals and families by nurturing the whole person: mind, body and spirit.

We create a sanctuary of healing where individuals are supported to find renewed hope. Our patient-centered programs address the health needs of those in our care, seamlessly blending behavioral health, primary care and faith-based services.

## Our Mission

At Agape, our mission is to transform the lives of individuals and families by strengthening their psychological, social, physical and spiritual health.

Agape nurtures and heals the whole person to transform lives and restore hope.

## Residential Program

Agape's 110-bed residential facility provides specialized care for women 18 and older, including pregnant or parenting mothers referred by Drug Court, Jail Diversion Program, Dependency Court and other sources. Through our integrated services, we address substance use and severe and persistent mental illness, empowering individuals to achieve long-term recovery.

- Psychiatric Services
- Medication Management
- Group Psychotherapy
- Individual Psychotherapy
- Trauma Recovery
- Co-Dependency Groups
- Relapse Prevention Groups
- 12-Step Program
- Case Management
- Life Skills Training
- Family Reunification
- Physical Well-Being
- Mommy & Me
- Follow-Up After Discharge

## Outpatient Program

Our outpatient program is dedicated to offering psychotherapeutic services to children and families, improving health outcomes by delivering services on-site, at home or at school. Outpatient services include, but are not limited to:

- Intake/Assessment
- Mental Health Evaluation
- Treatment Planning
- Individual Therapy
- Family Therapy
- Home Visits
- Case Management
- Referral Services

## Mommy & Me Program

Agape's Mommy & Me program prioritizes the health of mothers and children in our residential treatment. We address substance use, mental health and co-occurring issues to restore the mother-child bond. Our services include, but are not limited to:

- Integrated Services
- Family Reunification
- Parenting Training
- Life Skills Training
- On-Site Daycare Center
- Relapse Prevention
